

ANZAC DAY

THURSDAY 25 APRIL 2024

Afternoon guys.

A BIG thanks for yesterday for those that worked and those that got us ready for the day.

So the bad news is we broke I think every trading record we have for Bar, Food, Gaming and attendance in a single day so not sure how we top that next year.

Bar sales were \$43,334 for the day which is the same as selling 7,800 schooners!!

We had more than 2,500 people through the doors yesterday with most staying several hours.

The midday service was well attended and 2 up was a great crowd.

All the feedback from the punters was positive and just adds to what was an excellent day for the club and is a reflection on the awesome team we have!!
